Dear Sir,-

In answer to your letter of Feb,-10th 1956. I want to thank the library for giving my name and address to people interested in Redwood trees and seed of same.

Your letter states send catalogs and price lists of every thing I have for sale on trees and seed.

I do not have catalog or regular price lists no addvertizing at all. I do handle small tree orders (Redwood Trees)

My real business is collecting Redwood Seed. I grow a few trees each year for seed testing and sort of hobby orders under 50 trees are what I can usually handle. large orders can be had from state nursery. I collect seed for the state nursery of California. and retail seed dealers. any more orders than I have would be difficult last year I collected thirty five million redwood seeds dried cleaned and packed for shipping. aprox,- 368 lbs this was not enough to fill all orders.

The sale price for redwood seed (Sequoia Semperviren) was \$7.50 per lb. (Gigantea Seed) \$20.00 per lb.
people interested in small quanties of seed ----1000 seed pk, \$1.00

I follow the price list below on trees small orders 6 to 50

Sequoia Gigantea size 8 to 10 inches----	per tree-----	\$1.00
Sequoia Semperviren 8 to 12 inches----	per tree-----	\$1.00
Metasequoia, or Dawn Redwood 14 to 16 ----	per tree-----	\$10.00
cuttings of same per cutting		\$1.00
Port orford Cedar size 10 to 12 per tree-----		\$1.00
Tree of Heaven size 8 to 10	" " -----	.50
Douglas Fir " 8 to 12	" " -----	.50
Ponderosa Pine " 6 to 8	" " -----	.50
total order not less than \$6.00		

Trees are shipped by express collect on delivery shipping charges check for trees with order.no packing charges.

Very Truly Yours

Charles O. Williford

Charles O. Williford

P.S.

Coast Redwood will not servive zero weather Giganteas will stand zero climates, Metasequoia Dawn redwood is a deciduous tree we do not know yet what sort of climate this tree will do the best in.
